EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Herbert Dubno on 27 February 2004.

The application has been amended as follows:

Claim 11 has been amended to read:

11. A fencing system comprising a plurality of pales, a rail and fasteners securing said pales to said rail, each of said pales being generally tubular with an outer surface of a first wall generally concave toward said rail and an outer surface of a second wall convex away from said rail, said walls of each pale defining a space between them, at least one of said fasteners extending into the respective first wall of each pale and drawing the respective first wall against said rail with at least partial flattening of the respective first wall, said second walls being free from engagement by said fasteners.

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: as pointed out in the final rejection, the prior art, including Phillips, Novoplast, and Kreusel, either alone or in combination, fails to disclose a fastener extending into a respective first concave wall and drawing the first wall against the rail with at least partial flattening of the first wall. This

limitation, as described at page 5 of the specification prestresses the pale, making the pale more rigid against the rail and making it very difficult to gain access to the securement means through the regions where the rail and pale abut.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
